ACHIEVEMENT DAY COMING UP FOR DAIRY CALF CLUB

The evening of May 10th, the Didsbury-Carstairs dairy club met at the home of William Morton. The club gathered in the barn to judge four Ayrshire cows, after which the leader, Clarence Spicer, placed them in order, and gave reasons for the placings.

The meeting was brought to order in the house, with roll call, and business was then taken care of.

Plans were discussed for the Achievement Day, which will be held July 3rd at the Curtis Clark farm.

Mr. Bert Olson of the Central Alberta Dairy Pool then showed interesting films, one of which showed mules being introduced to Pakistan for agricultural use.

The next meeting will be held on the evening of June 21, at the Hobbs' home.

LOCAL RESIDENT RETURNS
FROM EXTENSIVE TOUR

Mr. Art Rupp returned last week from a vacation spent in Mexico, Guatemala, Costa Rica, Panama and Colombia. While in Bogota, Colombia, he visited his cousin Bill Rennie, who for the past two years has been working as a pharmacist for Frost Laboratories.

CREMONA NEWS

(From Our Own Correspondent)

An old-timer of the Water Valley district, Mr. John Dixon, 79, passed away on Tuesday, May 14. Mr. Dixon was well known as a kind gentleman and will be sorely missed. Funeral rites were held from the Jacques funeral home on Thursday, May 16. From this district attending the service were Mr. and Mrs. P. S. S. and Mrs. R. Patchell, Mr. F. McKinnon, Mr. D. McBain, Mr. G. McBain, Mr. and Mrs. R. Walker, Mr. J. Simpson and Mr. Borton.

CREMONA NEWS

Cremona streets are considerably improved by the gravel dumped thereon this past week.

A large number of telephone workers have arrived in town. Several trailers and about 30 men are on hand. Rumor has it that they are here to install dial telephones. Time will tell.

Work is going on at the hotel under the supervision of Mr. L. Sanderman.

The steel men are to commence work on the school this week. The forms have been poured.

Mrs. D. McBain was feted at her home last Thursday evening, May 16, the occasion being her birthday.

The students of the grade 1 and 2 room are out en masse with measles, mumps and chicken pox. Mrs. Frizell had 13 students at school on Friday, May 17, out of a class of 42.

Mr. J. Lane is home on holidays for three weeks.

Lynn Reid is home after completing a year at the University of Alberta in Edmonton.

Karen Ray, a former student at Cremona school, has gone to Victoria to work. Karen is hoping the climate will be more favorable. She has been troubled badly with asthma.

Mr. Lawrence Bergeson, Mr. S. Muller and Jack Fry have gone to work on the pipe line.

BIRTHS AT THE DIDSBURY MUNICIPAL HOSPITAL

To Mr. and Mrs. David Goerzen of Carstairs, on May 21, a son.

MELVIN NOTES

(From Our Own Correspondent)

Farmers along the Dog Pound river have been greatly plagued by pleasure seekers bothering stock, breaking bottles on river rocks, and leaving gates open. Some of the lads don't even respect "PLEASE CLOSE GATES" signs, or locks placed on gates. Everyone should realize that besides inconvenience to the farmer, stock on the roads—especially those roads so frequented by heavy trucks and speeding cars—is a dangerous hazard to motorists. An accident may take a human life—maybe that of someone dear to the offenders themselves.

Mr. and Mrs. Donnie Cowitz and daughter, Mr. and Mrs. Elmer Cowitz and Elaine, Mr. and Mrs. Royden Cowitz and Mr. and Mrs. Don Burgess of Calgary visited over the holiday weekend with relatives in the district.

Mr. and Mrs. Lester Krebs and family, Mr. and Mrs. Frank Herbert and family, picked up Sunday at Williams Creek, west of Sundre. It was a lovely day and fishing was fun, even though they only caught a couple of trout.

Mr. Orvin Swingle of Rosedale, B.C., is in the district renewing acquaintances.

George Summers is home from Guelph, Ont. university for the summer vacation.

Mr. and Mrs. Joe Robinson and daughter of Didsbury were visitors at the Johnson farm on Monday.

MOUNTAIN VIEW

(From Our Own Correspondent)

The Jolly Junior Girls Club will hold its dance Friday, May 24 at Mountain View hall, with Freda Shears' orchestra. Come out and support the girls. A draw for the dress lamps and a box of chocolates will also be made.

Bureau sympathies of the district is extended to the Bruce and St. Clair families in the passing of Wayne S. Clair, son of Mr. and Mrs. Scott S. Clair of Ponoka.

Sunday visitors at the Worrall and Hunter farms were Mr. and Mrs. Mac Wood and Mrs. M. M. Wood of Calgary, Mr. and Mrs. V. McKay, Georgia and Joe, Mr. and Mrs. John Hunter, who stayed over till Monday, and Mr. and Mrs. Don Aussenhus, Calvin and Ellen.

Mr. and Mrs. Bob Stone and sons were Sunday evening supper guests with Mr. and Mrs. Ed McNeil and sons and Mr. and Mrs. Bob McCulloch and children visited Sunday evening.

Mr. and Mrs. Louis Kohut and Annie were Saturday visitors with the Ed McNeils. Annie stayed for the holiday weekend.

Sunday afternoon and supper guests with Mr. and Mrs. Grenville McCaig and family were Mr. and Mrs. Mac Frazer and children of Three Hills and Mr. and Mrs. Richard Clemmer and sons of Alder Flats.

Mr. and Mrs. Thomas McCaig were Monday visitors with the McCaigs.

Mr. and Mrs. Pat Sprague visited Sunday afternoon with Mr. and Mrs. Arthur Gebers.

Mr. and Mrs. George Smith visited Sunday with Mrs. Eric Atkinson in the hospital, and with Eric and Larry.

Mr. and Mrs. Stewart Hall and family of Brooks visited Monday with the latter's sister, Mrs. Harold Shulte and family.

Confirmation At Redeemer Lutheran

(From Our Own Correspondent)

Six young people will be received into communicant membership at Redeemer Lutheran Church through the solemn rite of Confirmation, on Sunday, May 26. They are the following: Bernice Felker, Carstairs; Hope Goeljen, Garfield; Norma Larson, Ronald Levagood and Florence Reese, all of Didsbury. The service will begin at 10:30 a.m.

The first confirmation of the Lutheran Church in the Didsbury parish was conducted in 1907, when four young people were received into communicant membership.

During the past 50 years a total of 303 children and adults renewed their baptismal vows. Accordingly, Sunday evening, May 26, at 8:00 p.m., the annual reunion service of all past confirmants will be held in the church. This gives all members an opportunity to renew their vows, and also an opportunity to meet with their fellow confirmants of yesteryears.

Following the evening service a social will be held in the church basement, under the auspices of the Walther League.

Westcott W.A. Celebrates Its 25th Birthday

(From Our Own Correspondent)

Under the direction of President Mrs. Roy McNaughton and the secretary, Mrs. Cliff Ekstrand, about 40 ladies gathered in Westcott United Church on the afternoon of May 15th, to celebrate the 25th anniversary of the Westcott United Church W.A.

Twenty-five years ago Rev. Mary Jane Klineck was the first little church at Westcott. Charter members were Mrs. Mitchell Mrs. Hughes Sr., Mrs. A. Robertson, Mrs. MacFarlane, Mrs. G. Owens, Mrs. R. Webster, Mrs. J. Hughes Jr., Mrs. A. Robertson Jr., Mrs. H. Steckley and Mrs. J. Robertson.

Those joining before the end of the first year were Mrs. Mary Jane Klineck, Mrs. H. Levagood, Mrs. Ed Klineck, Mrs. Wilfred Owens and Mrs. Sheldon Owens.

Older members reminisced as Mrs. Alex Robertson, the first secretary, read the minutes of the first meeting and outlined the accomplishments over the years.

Charter members present at the gathering were Mrs. R. MacFarlane.

Mountain View W.I. Meet In Town

(From Our Own Correspondent)

The regular meeting of Mountain View W.I. was held at the home of Mrs. Wm. McCoy on May 15th at 8 p.m. Mrs. C. Snyder conducted the meeting in the absence of Mrs. E. J. Atkinson, who is a patient in the local hospital.

As the United Appeal does not include cancer, it was decided to leave the cancer collection drive until after the biennial convention.

Mrs. Snyder will speak to Barry Cole about attending Farm Young People's Week in Edmonton.

Roll call, answered by 11 members, was to give the place or their birth, the one farthest away to give a bit of fun. Mrs. B. A. Atkinson and Mrs. James Worrall had to supply this.

Mrs. James Worrall gave a report and remarks on the handicraft tea. Mrs. Kimmel spoke to the meeting on sewing set-in pockets, etc. She gave members some very worthwhile hints.

The 10-cent draw netted \$150 and was won by Mrs. C. Snyder.

The next meeting will be held at the home of Mrs. Ed Stiles on June 19th.

Midway News

(From Our Own Correspondent)

Friday, May 17th, being Citizenship Day, was observed with a special program at the school. New Berthal pupils and teachers were visitors. The junior room displayed posters demonstrating the homes we live in foods we eat, and clothes we wear.

The parade, led by the flag and Midway band, followed by the Cubs, Calf Club members, Bancroft and Lone Pine Girls' Clubs, was most effective.

A ball game brought the afternoon to a close, with New Berthal winning 22-7.

We are pleased to hear Lorna Shio is recuperating nicely in the hospital.

Miss Sylvia Sawatzky, Marlen Lowen and Edna Harder were among those who motored to Rosemary to attend the musical festival on May 19.

Miss Lila McCulloch spent the weekend in Edmonton with Mr. and Mrs. E. Schmidt; she leaves for Banff May 1st, where she has accepted a position.

Westcott News

(From Our Own Correspondent)

Mr. and Mrs. Jack Robertson spent the weekend in Edmonton with their son-in-law and daughter, Mr. and Mrs. David Gleibart, the occasion being Margaret's birthday.

The little plot of land just across from the Westcott store is being put into readiness by Mr. Alf Baudstet to move his mother's house into in the near future.

Last Wednesday afternoon the Westcott W.A. celebrated its 25th anniversary by having its meeting in the United Church at Westcott, and we understand it was quite an event. Special preparations had gone on before-hand to mark this occasion. We, along with everyone else, congratulations.

A boy, whose affection for algebra was not exactly strong, expressed his views about the matter of the fly leaf of his algebra book in this fashion: "In case of fire, throw this in!"

The head table was centred with a birthday cake, made by Mrs. C. Fischer, and beautifully decorated by Mrs. Ross Youngs.

Letters and telegrams of congratulations were read from many former members who were unable to attend.

WESTERDALE NEWS

(From Our Own Correspondent)

Mrs. H. Jackson returned home from Didsbury hospital last Thursday after undergoing a minor operation on Wednesday.

Mr. and Mrs. D. Mazaepa of Edmonton arrived on Saturday to spend the holiday weekend at the F. J. Jackson home.

Mrs. L. Jones left on Friday for Edmonton to spend the weekend at the home of her brother and family, Mr. and Mrs. S. A. Kemby.

She returned Monday evening.

Mr. and Mrs. R. Owens and family of Calgary visited for a short time Sunday afternoon at the home of Mr. and Mrs. H. Jackson.

Board Of Trade To Meet Monday

A postponed meeting of the Didsbury and District Board of Trade will be held Monday, May 27, at 8:00 p.m. in the Lions hall.

Election of officers and other important matters of business will be dealt with.

Golf Notes . . .

Mrs. Lila Tugle was the winner of the regular Thursday afternoon tournament held by the ladies' section of the Didsbury Golf Club.

Today (Thursday) the competition will be low score on uneven holes.

Tea at 4:00 p.m.

They say there were 19 men at the men's golf tournament on Sunday, but there were a few that shouldn't have been present judging from the scores they turned in.

Winners were: 1st, Fred Evans; 2nd, Jim Miller; 3rd, Alf Allen.

Rumor has it that another festival of the same sort will be staged by the men's section in the near future.

TOWN COUNCIL HITTING AT THE GRAVELING PROGRAM

(From Our Own Correspondent)

At a regular meeting of Town Council held Tuesday evening, the main order of business seemed to be graveling. It was decided to gravel the south road into town from the Abe Reimer property to Rosebud Motors; also to do graveling on the golf course road which leads to the butte.

Grading of the road from the J. V. Berscht corner west to the McNair corner was also agreed on by council.

The council are also contemplating oiling roads from the C.P.R. tracks to the hospital and the front street. The keyboard being used to set this news just hasn't got main street on it.

Surveying is now under way with a view to extending the water line from the Bible College to the hospital. It is expected that the new addition to the water system will be made during this summer.

Re: REGISTRATION OF FIREARMS PROVINCE OF ALBERTA

The R.C.M.P. state that a great many Albertans have still not re-registered pistols and revolvers in compliance with the Criminal Code Amendment of 1952, which provides a new type of Firearms Registration Certificate.

For the purpose of re-registration on the new Certificate, all registered owners are now requested to forward Certificates bearing date of issue prior to 1952, direct to the Commissioner, R.C.M.P. Police, Ottawa, Ontario, marked "Attention Firearms Identification Branch."

PUBLIC NOTICE OF BY-LAW

PUBLIC NOTICE is hereby given that there has been introduced in the Council of The Municipal District of Mountain View, No. 49, a By-Law of which the following is a short synopsis:

"To provide for the erection and operation of seed cleaning plants in the Village of Carstairs and the Town of Olds."

Total cost of both plants will be approximately \$90,000, of which \$30,000 must be raised by tax levy within the Municipal District of Mountain View, No. 49; \$15,000 during the year 1958, and \$15,000 during the year 1959.

And that a copy of the same may be seen at the Municipal Office, Didsbury, Alberta, during regular office hours, and further that unless within thirty days from the publication of this notice at least 10 per cent of the proprietary electors of the Municipal District petition the Council to submit such by-law to a vote the proprietary electors of the Municipal District the Council will proceed to consider, and if it sees fit, to pass the same.

DATED at Didsbury, Alberta, this 23rd day of May, 1957.

MUNICIPAL DISTRICT OF MOUNTAIN VIEW, NO. 49, 19-3p. Didsbury, Alberta.

(This is to clarify notices published earlier.)

BIRD IN THE NEWS: A fledgling sparrow shares lunch with a Vancouver Sun employee. The newspaper's staff befriended the bird, found hopping about on the fifth floor. The sparrow now is almost tame. (Press Photo)

Guest Editorial

IS 22 YEARS TOO LONG?

Is 22 years too long for one party to remain in power? Mr. Pearson gave the answer in his Calgary speech last week.

So long as every four years the people are consulted and give a fresh mandate to that party, no number of years is too long.

The purpose of this election is not to pass judgment on the Liberal record since the last election four years ago, or since 1935. Good as that record is, it is past history. The responsibility facing the voter is to elect a government for the next four years. The choice is between two major parties, or per-

haps more accurately between the Liberal party and a coalition of the others. Surely the Liberal party offers the best prospects, and surely, regardless of what party has been in power since 1935, it behooves the voters to see that there is a Liberal government until the next election four years hence.

There is no virtue in change alone. Only if it is a change for the better. We cannot agree, then, that it is time for a change.

— Calgary Albertan

TIMES CHANGE ! ! !

The old-timer who walked two miles to school has a son who must drive the family car a block to the drug store.

WEDDINGS

OKe — STEEVES

The Evangelical Free Church at Champion, Alberta, was the setting for the marriage of Miss Janet Lorene Steeves, daughter of Mr. and Mrs. F. Steeves of Meeting Creek, Alberta, to Mr. Edward Lawrence Oke, only son of Mr. and Mrs. Harold E. Oke of Didsbury. The wedding took place on Monday, May 13, at 4:00 in the afternoon. Rev. Ray Shantz of Didsbury officiated, and Rev. Orland Boettger of Hoadley assisted.

As the bride stood in the doorway, the groom sang to her, "O Promise Me." Then, to the strains of the Bridal Chorus, Miss Steeves entered the church with her father. Her gown was net with lace insert, over taffeta, styled with a fitted bodice and bouffant skirt. Her floor-length veil was held in place with a studded tiara. She carried a shower bouquet of American Beauty roses and stephanotis.

Miss Margie Steeves was her sister's maid of honor. Misses Alta Mae Oke and Joyce Steeves were bridesmaids. Their frocks were styled alike in shades of shrimp, aqua and maize crystalline. They carried carnation nosegays. Little Miss Gloria Budd of Red Deer, and niece of the bride, was flower girl. Her dress was aqua crystalline, fashioned like the bridesmaids'.

Mr. Richard Steeves was best man and ushers were Mr. Tom Ruggles and Mr. Larry Steeves.

Before the benedictory prayer Mr. David Archer sang "Wedding Prayer." During the signing of the register he sang "Together." Miss Marlene Sharmar of Calgary was pianist.

An interesting feature was the presence of Mrs. V. Ruggles, grandmother of the bride, and Mrs. N. Greer, grandmother of the groom.

One hundred and fifty guests sat down to the wedding supper, served in the Champion hall. Mr. Donald Taylor of Didsbury was master of ceremonies at the reception.

For travelling to Banff, the bride changed to a beige tuxedo suit with aqua and beige accessories. Mr. and Mrs. Oke are temporarily making their home in Calgary. In the early fall they will be moving to the United States, where Mr. Oke plans on continuing his theological studies. Both Mr. and Mrs. Oke are graduates of Mountain View Bible College in Didsbury.

FREDERICK D. SHAW

DO YOU KNOW ?

1. According to the Gallup Poll the Social Credit Party has improved its standing in Canada more than any party since the 1953 Federal Election and that its most spectacular gain was in the Maritime.

2. On January 23rd, 1957, the Progressive Conservative Members of Parliament voted against 100% parity for farm products?

3. In the House of Commons Liberal Members voted against (a) cash advances for farm stored grain, (b) long term low cost credits for farmers, (c) an all-risk crop insurance scheme, (d) the acceptance of foreign currencies for agricultural products and (e) an effective two price system for farm products?

4. Through proposed changes in the financial system the Social Credit Party alone can guarantee reduced taxes and increased social and other services?

5. Public buildings as Red Deer, Innisfail, Three Hills and the one under construction at Ooks, along with such things as a \$39,000 appropriation for wharf repairs at Sylvan Lake, demonstrate that you do not need a Liberal M.P. in this constituency in order to get results?

6. F. D. Shaw, your Social Credit Member of Parliament is one of the most effective and most highly respected members of the House of Commons.

7. Due to the fact that the Liberal Party holds only two or three caucuses during a session of parliament private Liberal Members have had practically nothing to say about the formation of government policy?

8. Those who believe that the election of a Progressive Conservative Government would result in reduced taxes should examine the 1957 budget of the Progressive Conservative Government of Ontario — a budget bearing a tax load which descended on Ontario citizens like the proverbial "ton of bricks."

9. Although under P.F.A. more money was paid out to Alberta farmers than was collected from all grain marketed, it is also a fact that many farmers in the Red Deer Federal Constituency who have been forced to pay into the fund for 18 years, have lost many crops but have not received one cent in compensation.

10. Any suggestion that the plans of Polymar Corporation to build a multi-million dollar subsidiary in the Red Deer District is dependent upon the outcome of the June 10th election is utter nonsense?

BUSIEST TRUCKS in the business!

Wherever big jobs are being done, Chevrolet trucks are there, putting their mightier kind of muscle to work. Chevrolets are Canada's busiest trucks by a wide margin... because they're the unbeatable champs of every weight class!

Next time you're out, check the trucks you see at work. It won't be long before you get the message... truck after truck, from lively pick-up to giant load hauler, is a Chevrolet.

And that's not hard to understand. Because truck buyers who know their

business, know that Chevrolet trucks give more on-the-job hours, more operating economy, more hauling efficiency than any other trucks, bar none. Look at the facts. Engines... thrifty 6's or mighty V8's, every great dependable Chevy engine delivers the right horsepower, the usable horsepower for your job... gets the most out of every gallon of gas.

Transmissions... only Chevrolet has revolutionary new Powermatic that gives you easy, efficient automatic shifting through 6 forward speeds with direct-drive cruising economy. Or take

your pick of Hydra-Matic, Powerglide or Chevrolet's famous synchromesh transmissions.

Styling—Chevy has modern Work-Styled that fits the job, gives you more efficient loading, longer life. Handsome Work-Styled cabs bring you panoramic visibility, concealed Safety Steps, High-Level ventilation and other big advantages.

Get the whole impressive story from your Chevrolet dealer right now. Have him show you why no truck can meet your needs half as well as Chevrolet... or give you more for your dollar!

Ramblin' and Roamin'

Just For The Record . . .

Man's best friend, the family pooch, is in for a rough time in Calgary if new laws under consideration get the nod from the authorities. Let the canine of your choice run loose and the fine could be anywhere from \$25 to \$100, depending on the size of the dog. In these parts we're blessed with our share of the four-legged meat-eaters, but as long as they don't attempt to eat meat off the human body we fail to see why such drastic measures should be taken. There'd be a lot of long faces around if the tail-waggers were disposed off permanently.

Just For The Record . . .

The United Appeal Fund Drive has not fallen by the wayside. Canvassers will put on a big drive, and we understand it will be powerful, starting in the very near future. Have your heart and your pocket-book open when they ring your doorbell.

Just For The Record . . .

Our new street lights are throwing illumination over our main avenues. We like the new deal because a lot of the former dark spots have a new look, and only hope it is not too long before the plan is extended.

Just For The Record . . .

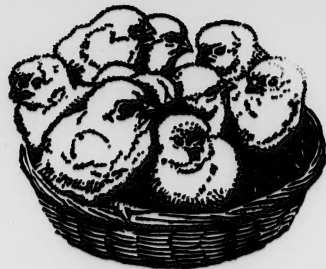

They tell us now that radar is entering the hail suppression picture in Alberta. How'd you like to be one of those hail stones heading in this direction. Seems like they're trapped from every angle. Let's just sit and see.

Just For The Record . . .

The kind of man who doesn't know the meaning of the word fear is usually the kind of man who does not know the meaning of any other words either.

AN ODE TO THE WEEKLY EDITOR

The newspaper editors are a jolly fine bunch.
But they always seem to be "gone out to lunch".
To eat, with them, it is a must.
Just like all the rest of us.
So if our subscription is past due,
Let's all sit down and just renew.
They give us the news and all the score
Of all happenings of the day before.
They sometimes work through half the night,
So that we might read about the fight.
I have known them, some time, to do the town,
But never with their wives around.
Perhaps this is enough of that.
But to them I will always raise my hat.
And when our subscription is past due,
Let's send them along a buck or two.
So they will be able to pay their way.
And send us our paper in the usual way.
(And a friendly nod to the contributor of this poem,
Mr. E. Coombes, Big Prairie)

The Roll Of The Weekly Newspaper

These few remarks are addressed to a subscriber who recently wrote in an unsigned letter that he was disappointed because the Independent did not deal with a piece of news, concerning a rather sordid matter.

(The Stettler Independent)

The role of the weekly newspaper is to present, with fidelity, the common life of ordinary men and women who are the same the world over.

The world is made up chiefly of ordinary people like ourselves, or those less fortunate, who spend their time in performing daily tasks, in supporting their families, in paying taxes, and spending their recreations like normal human beings.

Nothing that is normal in human behaviour is outside the sphere of the weekly newspaper. Abnormal things should seldom be given publicity.

The weekly newspaper deals with the ordinary yet vital routine of life itself, with births, marriages and deaths; with the coming and goings of visitors, with the arrival of newcomers, with the building of new stores and residences, with the wedding anniversaries (but not divorces), with the reunion of families and with the gathering of pioneers.

The weekly newspaper deals with the same kind of news about neighbors that you put into a letter to a distant friend, with the scandal left out.

In many other kinds of publications you will note that the editors specialize in human frailty and human misery. They put the emphasis on crime because crime has greater news value than virtue to their impersonal list of readers. On their feature pages, will be found news about the latest kidnappings, or bank robberies, or murders, and it will be noted that the most recent acts of violence are more vicious and more atrocious than those committed the day before yesterday or last week.

The circulation of the big newspaper is built by providing more thrills.

But a weekly newspaper cannot present news of that kind as a

THANKS !!!

It's a gracious word when you think it.
It's an encouraging word when you say it.
It's an inspiring word when you hear it.
It's a magic word when you mean it.
It soothes the soul and gladdens the heart.
There is great power in it, so do your part.
You will surely find riches, paid on demand.
If you use that word whenever you can — "Thanks".

steady diet and continue to exist. It does not turn the spotlight on pervasiveness and evil of abnormal human beings, who are not worth a line of publicity except as subjects of the reformatory, the jail, or the electric chair.

It makes public the good in humanity and it has a wide field to exploit, because goodness and fair dealing are the rule among ordinary people and evil and injustice are the rare exception.

Above all, the weekly newspaper should be the public organ for the spread of education on which the future of the community and civilization itself is based.

It must pay particular attention to the work of the churches, the welfare organizations and all the agencies which assist in the training of young people.

Juvenile delinquency is not unknown in a small community but a weekly newspaper should avoid in dealing with personal cases. It should act on the assumption and the fact that there is more good than bad in juveniles and even adults, who lack training in citizenship. More education is the solution and not more laws.

In brief form, the function of a weekly newspaper is to make people happier and more contented in their own community, as far as the printed word can do so.

It should illustrate by countless news items from year to year that the honest and industrious lives of the common people are above the pomp of thrones.

FACTS COUNT

One evening the husband said:
"Since we have been married, you
are nearly always playing the piano
or talking." To which the wife
made a reply something like this:
"Before we were married you were
always holding my hands so I
couldn't play the piano, and you
always kept my lips so busy I
could not talk much." Facts count.
A young man came to the farm
in search of a job. The next morn-
ing the farmer went to the man's
room to wake him up. "What's the
trouble?" asked the man. "Can
said the farmer, "get up and help
gather the pumpkins." "Great
Scott," said the would-be helper.
"We do not have to sneak up on
them in the dark, do we?"
We do not have to sneak up on
facts at any time, but what is not
true has a way of sneaking up on
people who are indifferent to the
truth, or careless of facts.

What is truth is an age-old
question. Ever since man has been
able to distinguish between what
is true and what is false, and has
been blessed with the medium of
expression and the power of
choosing, he has been seeking to
answer this very question. For
every sincere person it becomes a
soul-searching question. If we are
to enjoy the confidences of our
fellows we must speak truths, and
shun falsehoods.

We recall some words written
to a people many years ago, who
were striving to build truth into
a way of life. These words read
like this: "Speak the truth in
love." State facts, yes! but do it
in a gentle manner. Let love
create an atmosphere in which
only truth can germinate, grow
and mature. If you were a min-
ister you would hear people say-
ing: "I would not offer this to
you, because it is not a good buy."
If it is not a good buy, as we
say, then why should it be offered
to any person? Facts count, re-
gardless of who the buyer or seller
may be.

Someone has said regarding Col-
umbus: "When he set sail he did
not know where he was going.
When he arrived he did not know
where he was and when he return-
ed he did not know where he had
been; but he had discovered Amer-
ica." Columbus followed a prin-
ciple that proved to be a revela-
tion of facts, and facts count.
One day long ago the good men
of the town wanted to destroy a
woman for her bad behaviour.
When they were asked if any one
of their number was innocent there
was no reply. When told that any-
one who claimed to be innocent
could atone the woman if he wanted
to, no one did; but they all sneaked
away with their eyes on the ground.
Facts count.

A public school girl had no mis-
takes in her arithmetic all week.
On Friday her paper had been
marked correct and her name had
been placed on the honour roll.
When she went to her seat she
looked over her paper carefully.
She found what she believed was a
mistake. She showed it to the
teacher. The teacher agreed that
it was a mistake, and one that she
had not noticed when marking the
paper. The teacher thanked the
girl and removed the girl's name
from the honour roll. The girl
gained the lasting respect of every-
one in the school and in all the
homes when the children told their
parents. Facts count.

Telling the truth when the truth
hurts, and when coveted prizes are
to be lost when one does so, at
least for the time, is always a test
of one's real worth. It is a revela-
tion of the genuine self and a
glorious victory. Facts count.
"The will is free:
Strong is the soul and wise
and beautiful.
The seed of god-like powers
are in us still:
God's are we, bards, saints,
heroes, if we will."

SONS OF FREEDOM
MIGHT FIND A HAVEN
IN RUSSIA

Canada in general and the Brit-
ish Columbia government in par-
ticular has been trying for years to
find some formula for handling the
rebellious Sons of Freedom element
within the ranks of the Doukhobor
immigrants.

They have had sanctuary here
for more than half a century.
They profess to be pacifists, yet
they deliberately blow up railways
and schools, and are not too par-
ticular about human beings in
their paths of revenge. They won't
send their children to school. They
won't pay taxes. They won't obey
our marriage laws nor register
births and deaths.

They are a complete nuisance.
Now they want to go back to
Russia, from whence they came.
It is a grand propaganda gesture
for the Soviet, but one we as Cana-
dians will gladly give if only peace
and quietness can be restored.

Notes From D.A.

By Howard J. Falcher

Sweet clover weevil is a small
insect which attacks the foliage of
the sweet clover plant. Often the
damage is quite severe with the
plant being almost completely
stripped of the leaves. The insect
attacks the plant eating out irreg-
ular notches on the leaf margin.
This continues till complete des-
truction of leaves in severe cases.
The weevil beetle is a small
mouse-colored insect and moves
very quickly; it may be seen on the
ground under which plants are ef-
fected. Being very active, and the
fact that it migrates rapidly, it is
difficult to eradicate. Control can
be attained by cultural or chemical
means.

In cultural control the sweet
clover should be shallowly cultiva-
ed in late July after the removal of
a hay crop, or in the case of green
manure crop a similar shallow cul-
tivation is best. This exposes the
larvae to the sun and air and 90%
of the population can be destroyed.
There is evidence to indicate deep
ploughing of 5 to 6 inches will
bury the insect and larvae to a
depth that they cannot emerge
from, but this leaves land very sus-
ceptible to erosion.

The adult weevils are present in
the spring on the second year
sweet clover stands; therefore the
best spraying or dusting time is
just as the clover leaf buds are
opening. The new generation of
weevils hatch from eggs laid in the
spring and attack the sweet clover
in mid-summer.

In chemical spraying with two
pounds 50% DDT in
large quantities of water may be
used. Special nozzles may be nec-
essary. Also satisfactory results have
been obtained with one-half pound
of chlordane in every 4 gallons of
water; both these rates are per
acre. Aldrin has been used at the
rate of 12-16 ounces per acre and
will give good control.

If dusting is to be used, use 5%
DDT dust at the rate of 20 lbs. per
acre.

In areas where the infestation is
very red clover, alfalfa or other leg-
umes which are seriously attacked
by the weevil may have to be used,
rather than sweet clover.

ANOTHER CHUCKLE ! ! !

The trouble with inferiority com-
plexes is that the wrong people
have them.

FAMOUS QUOTE ! ! !

You have to do your own grow-
ing, regardless of how tall your
grandfather was.

THE TRUCK DRIVER

Many fields of endeavour have been more
glamorized, none are any more important
than that of the men who provide the
transportation necessary to our pros-
perity. This is true of any section of the
civilized world, but nowhere is the truth
more apparent than in Alberta.
Distances are great in this sprawling land,
the population is spread over a huge area,
and the economy of each area is de-
pendent on all others. One of the most
important links between the various
centres of population and the widely
scattered farms are the highways and
the men who make the long hauls in the
big trucks. With our dependence on
national and international trade, the
trucker is called upon to bear a large por-
tion of the transportation load leaving
and entering Alberta as well.
Yet all too frequently the trucker comes
in for unjustified abuse . . . his driving

ability behind the wheel of a huge high-
way transport is sometimes criticized by
people who show no particular talent
when driving small passenger cars.

The truth is that collectively, the truckers'
record for both safety and courtesy is
second to none on our highways today.
He drives a vehicle that is harder to
handle than anything on the road, day
and night, in all types of weather. His
employers and customers stand for no
incompetence. Their capital and their
goods are in his hands. He just has to
be good, and his record proves that he is.
With the trucker, driving is a profession,
not a pastime or a means of personal
transportation . . . and like any pro-
fessional he knows his job . . . the busi-
ness of keeping the wheels of Alberta
industry turning and its population sup-
plied with its needs.

PEOPLE ARE OUR GREATEST NATURAL RESOURCE

Will Says

W. J. (Will) Edgar

Announcement of a final payment on the 1955-1956 wheat pool is welcome news to Alberta farmers. At the same time the federal government asked Parliament to extend the Wheat Board Act for another five years.

In its 14 years of operation the Wheat Board has operated a pool for the benefit of all producers with the advantage of government support in its finances.

Its aims are: (1) to market as much grain as possible; (2) to obtain highest possible prices for the farmer; (3) to provide equity in delivery opportunities among producers.

During this crop year wheat exports have been at record levels. Under conditions of excess world wheat supplies, the Board has shown that it is possible to increase markets both at home and abroad and we didn't have to live any way.

That is why this important agency has the full support of the federal government in asking Parliament to renew the Wheat Board Act.

Without the Wheat Board we wouldn't get over 70c for our wheat today.

MUST HAVE WATER

It was a warm day and a dull case concerning the rights of river commissioners was being argued. Counsel made speeches of interminable length, and the judge fell into a doze.

"But we must have water here, your honor," thundered the defending lawyer in such stentorian tones that the judge came to.

"All right," he mumbled, "but only a very little in mine!"

Guesting Again...

TEXT BOOK RENTALS

The increasingly high cost of equipping children with required school supplies has brought the question of text-book rentals very much to the fore. But at the convention of Alberta teachers at Edmonton, the teachers opposed having principals responsible and teachers responsible for the administration of any text-book rental plan which might be adopted by the Department of Education or a school board. Chief objection was responsibility for the collection of money, and responsibility for the money. Not all the teachers, however, raised dissenting voices against responsibility.

Dr. W. H. Swift, deputy minister of education, speaking on the scheme of text-book rentals, said that all school boards had been notified that government assistance would be available to boards implementing the scheme. Assistance would cover initial outlay for text books, and payments could be spread over three years. In addition any board will receive a discount of 40 per cent off the list price of text books. Dr. Swift said that considerable interest had been shown in the plan, though he did not favor implementation of a province-wide rental scheme. It would be impossible to provide inspectors to tour all school districts to supervise money collections.

One principal reported that the rental plan had been in use in his school for grades VII to IX for over four years now and had worked nicely, because all students use the same books. Rental is set at one-third the cost of new books. But he said that text rentals in high school are a great problem, because of all the courses and subjects, and the difficulty in figuring out rental fee in each case.

The trouble comes in June when books must be repossessed and students assessed for damages. They need their books till the last day of school, and it is difficult to get all the books in before school closing. As a school principal he has about three weeks of work to do on the rental scheme. His staff collects the money and is responsible for administration.

Dr. Swift made it clear that

school boards could not buy books at a discount and then sell them to the students. Discount can only be secured on a rental scheme.

One teacher reported that her school did not favor text rentals for high schools because students sold their books from year to year.

So it would appear that the majority of teachers want no part of the scheme if it entails more work, as it undoubtedly would do.

SERVICE BOARD NOTES
By
W. E. SNYDER
Agricultural Service Board

DANDELIONS: Within the next few weeks and on during the summer we will be seeing plenty of dandelions on lawns, roadsides, fields, etc. Dandelions are not on the noxious weeds list but sometimes I think that they should be.

Their presence in hay and pasture fields will seriously interfere with hay production. An infestation of these yellow flowers can become so heavy that grass can be practically crowded out. What to do about it?

2,4-D, properly used will effectively control this nuisance. However, don't forget that 2,4-D will also kill alfalfa and clovers, so govern yourself accordingly.

In order to kill dandelions you should plan to use at least eight ounces acid per acre. For lawn spraying I follow this formula. Mix 2½ ounces Lo Volatile 2,4-D in 2 quarts water. 15 ounces in 3 gal.

Radar Plan For Hail!!!

Radar is to be used in a jointly sponsored hail research program to be conducted in Alberta this summer. Radar will reveal the location of all storms within a radius of 100 miles and at heights up to 10 miles. The people of the province will be asked to assist the research by supplying specific information about hail occurrence throughout a large area of Alberta.

The program is being undertaken by the meteorological division of the department of transport, the Stormy Weather Research Group at McGill University, the National Research Council, and the Research Council of Alberta.

This study, along with the hail suppression project being conducted in parts of the province this year holds promise of providing Alberta farmers with the answer to one of the most serious crop production problems.

ons for knapsack sprayer application. DO NOT apply this mixture with a sprinkling can. This strength of mixture may only be applied in a very fine spray.

You can do damage to lawn grass if you are too liberal with this solution. Be careful also that you do not allow any of this mixture to come in contact with flowers, lilac or other hedges. Keep the nozzle close to the ground and hold it so that the spray will be going away from hedges or flower beds.

Also DO NOT spray your lawn if there is any breeze blowing. Vapor fumes are deadly. Lo Volatile is as safe as anything we have to control dandelions. There is very little danger of vapor drift, however I advise you to take precaution to make sure that you do not damage your lawn grass or flower beds.

WHY THE WOMEN OF ALBERTA ARE VOTING LIBERAL IN THIS FEDERAL ELECTION

FAMILY SECURITY
As women, we know that the Liberal government, through family allowances, old age pensions, veterans' payments, blind and disabled persons pensions, National Housing Act, has done more to safeguard our homes and families than any other party.

HOSPITAL INSURANCE
As women, we are voting Liberal in support of the national hospital insurance program.

WORLD LEADERSHIP
As women, we are supporting the Liberal party which has presented men of outstanding character and ability, and whose efforts have contributed greatly to peace in our world.

RECOGNITION OF WOMEN
As women, we approve of progress by the Liberal government in sponsoring legislation to provide equal pay for equal work by women in federal agencies.

SPLINTER PARTIES
As women, we are practical. We realize our nation cannot be united while there are quarrelling local splinter parties. We are voting Liberal, the only truly national party from coast to coast. The only party that can give us effective government.

Send your Liberal candidate to Ottawa
to continue this good work.

DISTRICT NEWS

Letters To The Editor . . .

Editor,
The Didsbury Pioneer,
Didsbury, Alberta.Dear Sir:
We noted with interest Mr. French's letter on the front page of the May 16th issue of your publication.

With respect to the writer's references to the Liberal government's niggardly treatment of Canada's pioneer citizens I am in hearty accord. However, I cannot accept the suggestion that a Progressive Conservative government would correct this situation.

It must be known that Ontario, Nova Scotia and New Brunswick, under Progressive Conservative governments do not pay one single solitary cent by way of supplementary allowances to the pensioners residing in those provinces. Moreover, they do not provide medical, dental, optical and hospital services except on a relief basis.

Alberta and British Columbia, under Social Credit Governments, have led the way in this field. Pensioners in those two provinces are treated more generously than in any other part of Canada.

Incidentally, no provincial government calling itself Liberal or Liberal Progressive pays supplementary allowances or provides medical, dental, optical or hospital service to pensioners.

Yours truly,
C. L. PURCELL

M.V.B.C. NEWS

(From Our Own Correspondent)

On Tuesday evening of last week a farewell party was held for Mr. and Mrs. Neubauer and their family in the Bible College. The Neubauers lived in this community for a number of years and have now moved to Calgary. Various church members expressed their appreciation of their work in the community and church, and they were presented with a purse of money. A lunch was served by ladies of the church.

Last Monday, President and Mrs. Taylor and family, and Miss Eby, attended the wedding of a very popular couple from this community, who graduated from the College this year. Edward Oke and Janet Steeves were the principles of a large wedding held in Champion in the Evangelical Free church. It was a beautiful day and a very large number of guests sat down to a sumptuous dinner provided by the relatives in the town hall. President Taylor was the M.C. once more, and several friends expressed their appreciation of the young couple, each recalling all they could about them, knowing this was probably the last opportunity that they could really tell these stories. Edward replied to the many good wishes, giving some of the highlights of courtship. His speech was appreciated by all. The young couple opened their gifts after the dinner.

On Thursday evening the friends of the district gathered in the College dining hall to extend their best wishes to Mr. and Mrs. Edward Oke. Once more their popularity was evidenced by the lovely gifts given them.

Mr. Richard Carpenter arrived at his home in schedule time last Saturday afternoon. We have had word from him that all went well in his hitch-hiking attempt to reach Port Huron, and he did so within three days of leaving here.

Mrs. Marie Kagey wishes to tell us that she has a position in the new Bon Marche in Billingham, working in the yardage and pattern department of that large store.

David Archer is again acting as porter for the C.P.R. and will be busy travelling as such throughout the summer. He will attend Bethel College in Mishawaw, Indiana, this winter.

Ray and Clifford Stauffer, Clifford Reimer, Mervin Traub, Lavern Traub, Doreen Snyder, are working in Bank this summer. Elaine and Doreen Wolfe, both Red X's have positions in the Belcher hospital, Calgary. Addie Takanaka, is again nursing in the Provincial Training School Red Deer. Miss Alvine Ries expects to work in the Bank of Commerce, Chilliwack, this summer, and does not know yet what she will do next year. She is a graduate of this year.

Mr. and Mrs. LaVerne Neufeld are working in Brooks this summer and live in their nice little trailer house.

Mr. and Mrs. Edward Oke were dinner guests of Miss Eby last Sunday.

You should see our new lawn mower! This last week a mower and motor were purchased and now one can see either Pres. Taylor or Arthur Eby bobbing around the campus on it. The ladies had thought of riding around on it a bit too, but observation indicates it is a bit rough, and levelling of sections of the lawns would first be necessary. However, they may try it yet! This machine will greatly facilitate work on the campus and was really a "must" for us.

The Editor,
Didsbury Pioneer.Dear Sir:
All you folks who like to go for a Sunday drive in the country had better do it soon, because in a short time it won't be worth going out as there will be nothing to look at except power lines and telephone poles.

Yes sir, the all-mighty, Calgary Power that is, has just sent in an ultimatum to the effect that either we farmers cut all the trees and brush along the road or they are going to spray them. And since 90% of the farmers hardly have the time to get their crop in, let alone cut trees, it means spraying.

Have any of you seen a roadside that was sprayed for brush? Well I have, and it's a ghastly sight; but worse still, it's left standing and will stay standing for many years; a monument to the dictatorial power of one company.

Not only is all plant life destroyed, but all the bird life also disappears. All the song birds that rested in these poplars and willows are gone, and think of this, you Fish and Game people, all part-ridges, grouse and pheasants that have a preference for roadside resting, will be gone, too.

And, if any of you fellow farmers happen to live near the road, you can say farewell to a lot of your shrubs, flowers and vegetables, to say nothing of some of those trees our Agricultural Service Board has talked you into planting. That stuff is pretty powerful and if the wind is just right it will carry quite a ways in. Might even do a little crop damage.

Don't forget, too, that these natural windshields have stopped a lot of soil from leaving your farms in the past.

All this because of so-called progress. Not that it is necessary. The taller trees could be cut quite easily without having the willow brush, which will never grow high enough to interfere with power-line wires.

I, for one, volunteer to keep a mile of line clear of any poplars that would cause trouble, but what's the use. I'm only talking to deaf ears. Yes, I use Calgary Power, at least until they cut me off for writing this.

(signed) A TREE PLANTER

CHRISTIAN SCIENCE

The spiritual basis of true grace and beauty will be emphasized at Christian Science services Sunday.

Bible passages will be read in the Lesson-Sermon entitled "Soul and Body" include the following from Psalms (90:16,17): "Let thy work appear unto thy servants, and thy glory unto thy children. And let the beauty of the Lord our God be upon us; yes, the work of our hands establish thou it."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (247: 19124): "Comeliness and grace are independent of matter. Being possessors its qualities before they are perceived humanly. Beauty is a thing of life, which dwells forever in the eternal Mind and reflects the charms of His goodness in expression, form, outline, and color."

AN OPEN LETTER

Dear Fellow Citizen:-

We are now approaching another election. Each candidate will be boasting of their special qualities and what they have done and will do from now to election day.

However, in choosing Mr. W. J. Edgar as our Liberal candidate for the Red Deer Riding, he has a number of qualifications which are of vital importance to the member who represents us in the coming government and we have no hesitation in saying we will still have Liberal Government in Ottawa.

Firstly, Mr. Edgar is a farmer. He has farmed in Alberta for over 35 years; he has built up one of the finest herds of purebred Hereford cattle in Alberta; and he has also been justly honored by the Alberta government with the "Master Farmer Award".

He has also judged cattle both in the United States and England. He has served a good many terms as Councillor in his Municipality, and also on his school board, and has always taken an active part in community affairs.

Secondly, we need a business man and especially a farmer representative at Ottawa, and a man of Mr. Edgar's ability, who well knows the farmers' plight, and who will fight for their rights. We also urge every citizen to vote on election day — that is your privilege.

Sincerely,

Allan Northey, Red Deer

FIGHT YOUR WAY WITH BIBLE STUDY

A few years ago, a nationally known radio commentator said: "Had the forefathers of America been as careless in the rearing of their children, and in teaching them love of God and country, of fellowman, and of all things beautiful, I shudder to think of what sad condition our land might be in today."

"We are a strong nation, not for our physical wealth, but because we have inherited a wealth of right thinking from our ancestors. If we are to continue strong, we must bend our attention to the passing on to the growing generations the same humble belief in God and in right that has been passed down to us, but which so many of us are forgetting to nurture."

The commentator should, of course, have gone much farther. The "right thinking" which many of us learned from our fathers, was the knowledge of Jesus Christ as our Saviour. The girl or boy who has been brought to Christ in early childhood has a heritage which will last not only for this life but also for the life to come.

King Solomon in the Book of Proverbs states this definitely:

"Train up a child in the way he should go; and when he is old, he will not depart from it." St. Paul gives us the clue as to the way a child ought to be trained:

"Bring them up in the nurture and admonition of the Lord." The answer to the question: "Where will they be tomorrow?" depends on the training and the heritage you have given your child. May we be so bold as to impose upon you and suggest that you sit and consider, just this question: "What heritage are you giving your child?"

Mr. and Mrs. A. R. McNaughton attended convocation exercises at the University of Alberta on May 17th, when their son, Gordon, received the degree of B.Sc. in agriculture. Gordon has accepted a position as assistant district agriculturist at Lacombe.

Mary E. Page, a former pupil of the old Burnside school, was among the 197 students who graduated Friday, May 17 from the Lindsay Thurber composite high school in Red Deer. Her mother and brother, Mrs. D. M. Page and Derek, and her brother and sister-in-law, Mr. and Mrs. Geoff Page, attended the graduation exercises last Friday. Also in attendance were Miss Karen Pedersen from Calgary and Mr. Pat White from Innisfail.
